

“Susan G. Komen’s concern for the health of women is now parallel to Planned Parenthood’s concern for the health of the children that they abort.”

-Eve Sanchez Silver, former member of Susan G. Komen Advisory Board

The following report is a record of Susan G. Komen grants to Planned Parenthood and other family planning/abortion clinics during the past few years. All of this information was gathered from public records, most of which came from the Susan G. Komen Breast Cancer Foundation. **None of this information is rumor.** All sources are cited and printed copies are available upon request.

**Disclaimer:** Right to Life of Indianapolis does not guarantee that the following list is complete. Much information on grants prior to the 2002 fiscal year was difficult, if not impossible, to obtain. Information on the 2004-2005 fiscal year is still unavailable for most Susan G. Komen Affiliates. Since the resignation of Eve Sanchez-Silver, former Susan G. Komen Advisory Board Member, and other events which disclosed a connection between the Susan G. Komen Foundation and Planned Parenthood, many grant reports and press releases are no longer available to the public.
